JAWBONE ERA ANATOMY

IF THE LED RING IS...

 являет собой...

- **FLASHING WHITE**
  Jawbone ERA™ is trying to connect to your phone.

- **FLASHING RED**
  Battery is low. Power up!

- **FLASHING RED + WHITE**
  Jawbone ERA™ is in pairing mode and ready to connect to your phone. Go to your phone’s Bluetooth® settings to connect.
MOTION GLOSSARY

**TAP TAP**
Tap the outer surface of your headset 2 times to answer, end & switch between calls.

**SHAKE SHAKE**
Shake your headset 2 times to answer incoming calls when it’s not in your ear.

**DOUBLE SHAKE SHAKE**
Shake your headset 4 times to activate pairing mode. The LED will flash red & white.
Your Jawbone ERA™ is partially charged and ready to use right out of the box.

**FOR A FULL CHARGE**
Plug your headset into the wall charger or a USB port on your computer.

**TO HEAR REMAINING BATTERY LIFE**
Press the **TALK BUTTON** when not on a call. When fully charged, the LED RING will turn white.

---

**WHEN BATTERY IS LOW**
The **LED RING** flashes **RED**.

**NOTE** It only takes 30 minutes to get your headset 80% charged. A full charge takes 60 minutes.

**BATTERY METER ON YOUR PHONE**
*IPHONE®* Shows up automatically when connected

*OTHERS* Go to **MYTALK.JAWBONE.COM**
Mix and match earbuds with the optional earloop to find the most comfortable and secure option for you.

1.1 FIND YOUR FIT

1 For the most secure fit, place your Jawbone ERA™ in your ear pointing down.

2 Then twist it upwards so it points directly at your mouth.
1.3 ENSURE BEST QUALITY

Your headset works regardless of position, but you will get the best performance if the Voice Activity Sensor physically touches your cheek and points directly at your mouth.

Watch video tutorials at JAWBONE.COM/FIT

2 GET CONNECTED

2.1 PREPARE YOUR HEADSET

To activate pairing mode, Double ShakeShake® your headset (shake 4 times).
2.2 PREPARE YOUR PHONE
To turn on Bluetooth®.

ON AN IPHONE®
Go to SETTINGS > GENERAL > BLUETOOTH and enable BLUETOOTH

ON A BLACKBERRY®
Go to SETTINGS/OPTIONS > SETTINGS/BLUETOOTH and enable BLUETOOTH

ON AN ANDROID™ PHONE
Go to SETTINGS > WIRELESS & NETWORK > BLUETOOTH SETTINGS and enable BLUETOOTH

OTHER CELL PHONES
Go to JAWBONE.COM/PAIRING or review the instruction manual that came with your phone.

2.3 MAKE THE CONNECTION
Go to your phone’s Bluetooth® settings.

ADD, SEARCH OR SCAN FOR DEVICES
When “Jawbone ERA” appears, select it.

IF ASKED FOR A PASSCODE
Enter “0000”

NOTE This is a one-time event per phone. To pair Jawbone ERA™ to another phone, repeat steps 2.1 to 2.3.
3. GET TALKING & MORE

3.1 ANSWER/END A CALL
Jawbone ERA™ offers several ways to answer and end a phone call.

TAPTAP®
TAP the outer surface of your headset 2 times.

3.2 DECLINE AN INCOMING CALL
PRESS and HOLD the TALK BUTTON for 2 seconds.
3.3 MAKE A CALL
Use your phone to dial as usual. Listen and talk through your headset.

ACTIVATE DIAL APP / VOICE DIAL
Hold the TALK BUTTON until you hear a beep, then release and follow the voice prompts. Voice Dial is pre-loaded.

REDIAL LAST NUMBER
Press the TALK BUTTON 2 times to redial the last number you called.

3.4 SIMULTANEOUS CALLS
To switch between calls, TAP 2 times or press the TALK BUTTON. To end one call and switch to the other, press the TALK BUTTON 2 times. With Simultaneous Multipoint, you can even switch between calls from two different phones.

3.5 AUTOMATIC VOLUME CONTROL
NoiseAssassin® 3.0 intelligently adjusts incoming call volume to your surroundings so that you can hear better. Volume will automatically increase when you enter a noisy place and decrease when you enter a quiet place.
3.6 ADJUST THE VOLUME
Use the volume control on your phone. Or, while on a call or listening to music, PRESS and HOLD the TALK BUTTON and the volume level will cycle up and down. When you find the most comfortable volume level, release the button and your volume will be set.

3.7 STREAM AUDIO WITH A2DP
Listen to music, video, turn-by-turn directions and other audio streamed directly to your ear from any A2DP-enabled Bluetooth® device.

Jawbone® MYTALK lets you personalize and update your Jawbone ERA™ via the web. Visit MYTALK.JAWBONE.COM

PERSONALIZE YOUR JAWBONE ERA™

AUDIO APPS
Change the voice that tells you information such as battery life and caller ID.

DIAL APPS
Customize the TALK BUTTON to speed dial your favorite number, or link directly to 411, voice-to-text, and other voice services.
EXTRAS
Did you know that Jawbone ERA™ lets you get more out of the apps you already love? Watch videos in private, play games without annoying the people around you, even listen to sports on the go and without anyone knowing that you’re streaming audio.

We’ve assembled a list of some cool 3rd party apps and services that get even better when you’re wireless and hands free.

To learn more, sign into MYTALK.JAWBONE.COM and click the EXTRAS tab.

To access DialApps on your headset, PRESS and HOLD the TALK BUTTON, then follow the voice prompts.

CALLER ID WITH NAMES
Hear caller ID with names by programming your MYTALK address book and syncing with your headset.

WIDEBAND AUDIO
Jawbone ERA™ delivers high-definition audio via wideband speaker. Your music, video and calls have never sounded better.

SOFTWARE UPDATES
Update Jawbone ERA™ with the latest software by signing into MYTALK.JAWBONE.COM

**Jawbone Headset Care**

- Do not expose your Jawbone® headset to liquid, moisture, humidity, or rain. The Jawbone® headset is not waterproof.
- Do not tamper with or abuse the Jawbone® headset. For example, without limitation, do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint, or insert foreign objects into the Jawbone® headset.
- Do not use abrasive cleaners to clean your Jawbone® headset.
- Do not expose your Jawbone® headset to extremely high or low temperatures.
- Do not leave your Jawbone® headset in direct sunlight for an extended period of time.
- Do not leave your Jawbone® headset near open flames such as cooking burners.
- Do not dispose of your Jawbone® headset in a fire. The battery could explode.
- Do not bring your Jawbone® headset into contact with any sharp objects. This can cause scratches and damage.
- Do not insert anything into your Jawbone® headset unless otherwise specified in the user manual. This may damage the internal components.
- Do not disassemble your Jawbone® headset, it does not contain serviceable components.
- Do not wear your Jawbone® headset without a Jawbone® approved earbud.

**Built-in Battery Care**

- Do not attempt to replace your Jawbone® headset’s battery. It is built-in and not changeable.
- Charge the battery in accordance with the instructions supplied with this guide.
- Use only the charger supplied by Jawbone® headset’s original manufacturer to charge the battery.

---

**WARNING**

Failure to follow these safety instructions could result in hearing damage or in fire, electric shock, or other injury or damage.

**Avoiding Hearing Damage**

Permanent hearing loss may occur if the Jawbone® headset is used at a high volume. Set the volume to a safe level. Even though you may become accustomed to a higher volume of sound, and even though it may sound normal, any higher volume of sound can be damaging to your hearing. If you experience ringing in your ears or muffled speech, stop listening and have your hearing checked. The louder the volume, the less time is required before your hearing could be affected. The Jawbone® headset has been initially set at a medium volume for sound. Do not increase the level of volume unless you are in conditions where you need a higher level for a short period of time. If this level of volume is uncomfortably high for you, you should decrease this level.

**HEARING EXPERTS SUGGEST THAT TO PROTECT YOUR HEARING:**

1. Limit the amount of time you use the Jawbone® headset including use at high volume.
2. Avoid turning up the volume to block out noisy surroundings.
3. Turn the volume down if you can’t hear people speaking near you.
Charger Care

• Use only the charger supplied by the Jawbone® headset’s original manufacturer to charge your Jawbone® headset. Other chargers may look similar but using them could be dangerous and could damage the Jawbone® headset.
• Do not attempt to disassemble the charger as it may expose you to dangerous electric shock.
• Do not use the charger outdoors or in damp areas.
• Only charge your Jawbone® headset’s built-in battery in accordance with the instructions described in this guide.
• Avoid charging your Jawbone® headset in extremely high or low temperatures.
• Do not use your Jawbone® headset while it is charging.
• Do not connect the Jawbone® headset to the charger while on an active call.

Safety Information

• Check and observe local laws regarding the use of a mobile phone and headset while driving. If you use the Jawbone® headset while driving, ensure that you maintain your full attention and focus; it is your responsibility to drive safely. Consider pulling off the road before making or answering a call.
• Never allow children to play with the Jawbone® headset; the small components of the headset may be a choking hazard.
• Do not leave or store the Jawbone® headset or any of its accessories in the area over the air bag or in the air bag deployment area of an automobile as serious injury may result when an air bag deploys.
• Observe all signs and displays that require an electrical device or RF radio product to be switched off in designated areas.
• Turn off your Jawbone® headset prior to boarding aircraft. Do not use the Jawbone® headset inside an aircraft in flight unless allowed by your airline.
• Never use the Jawbone® headset while taking a bath.
• Do not use the Jawbone® headset in a sauna or steam room.
• Do not keep your Jawbone® headset near a sink or other wet areas.

• Do not clean your Jawbone® headset while it is being charged. Always unplug the charger first before cleaning the Jawbone® headset.
• Do not attempt to repair or modify the Jawbone® headset yourself. The Jawbone® headset does not contain any user-serviceable parts. If the Jawbone® headset has been submerged in water, punctured, or subjected to a severe fall, do not use it until you take it back to your original place of purchase.
• Do not attempt to force open the built-in battery.
• Dispose of the battery in the Jawbone® headset according to local regulations. Do not dispose of the battery with household waste.
• Do not use the charger outdoors or in damp areas.
• Only charge your Jawbone® headset’s built-in battery in accordance with the instructions described in this guide.
• Avoid charging your Jawbone® headset in extremely high or low temperatures.
• Do not use your Jawbone® headset while it is charging.
• Do not connect the Jawbone® headset to the charger while on an active call.
